Best Bets for Microsoft Windows XP
Best Bets for Microsoft Windows NT

Search Results

BEST BET TECHNOLOGY
300-400 topics managed by editors
word associations to main portal pages
e.g. search containing cell phone might show:
Are you looking for a new cell phone?
Are you interested in changing your rate plan?
Did you lose your cell phone?
Do you have a question about charges

all containers logged for usage profile index for robust reporting eliminate "weak" containers

EMPLOYEE PROFILE BUILDING BLOCK

AUTO CLUSTER CREATION
takes large sets of document data & automatically calculates the main set of information clusters

automatically calculate where new information belongs within these clusters.

DATA WRENCH | DESCRIPTIVE CONTENT | FILE SERVICES | HTTP REQUEST

separates concepts from redundancy
rare ideas convey more about meaning
concepts are language independent

dow jones or moreover driven
